

# Student Body President Run-Off Candidates

## **Aidan Baker**

Hi! I'm Aidan Baker, a junior marketing major from Zionsville, Indiana. Alongside my running mate, Emily Dengler, we plan to lead the student body to EVOLVE in this new era at UofSC. We will energize the student body by using SG resources to create a platform for celebrating philanthropy, prioritizing diversity, and ensuring inclusion. We want to put the student back in Student Government by holding office hours on Greene Street. We also believe echoing student voices is important and will advocate to expand options for those with dietary restrictions on campus. Vote Baker-Dengler to EVOLVE to a greater Carolina!

## **Alex Harrell**

As your Student Body President, I promise to work together with the student body and administration to improve the experience for all of us here at USC. I have been involved with countless student organizations throughout my time at Carolina and had many off-campus opportunities that have prepared me for this role. Alongside my running mate, Kate Turner, together, we will create a better Carolina!

# Student Body Treasurer Run-Off Candidates

## **Jack Lind**

I believe every Gamecock has the potential to leave their mark and that is where my platform is centered. By continuing to educate our students on the importance of financial literacy with student-led workshops and adapting our student organization funding training to a COVID friendly environment. I hope to bolster student innovation by continuing the SGxU program piloted through Student Government this year and inviting business professionals to provide feedback to all applicants. Lastly, if the Treasurer's role is ending, I want to ensure the transition is not only smooth but secures future innovation and involvement from our student body.

## **Kate Turner**

As Student Body Treasurer, I plan to work towards streamlining accessibility to student activity funds, as well as improving strategies for effective outreach to student organizations beginning my very first day in office. I am passionate about serving UofSC in this role and accomplishing my goal of enhancing the student experience here at the University of South Carolina. Both my on and off-campus experiences have prepared me extensively for this position, and I can not wait to serve as your next Student Body Treasurer. Alongside my running mate, Alex Harrell, Together We Can create a better Carolina.

**The run-off election will take place March 2<sup>nd</sup> and 3<sup>rd</sup>**
